1ST OFFSHORE WIND AWARD

The 1st Offshore Wind PRIZE will be awarded at the dinner.

The award is open to any natural person, institutional organization, NGO, workers' union, university, academic center, municipality or other type of organization that promotes the development of offshore wind energy thanks to a specific and/or periodic project, as well as a trajectory of good practices, or enhancement of the best projects and actions for the development of offshore wind power in Spain.

The Award Committee will award the candidacy that has the greatest positive impact for the development of offshore wind power in Spain from the point of view of commitment, awareness for an offshore wind project, local development, job creation, promotion of activities parallel to offshore wind power, communication or dissemination of offshore wind.

Before sending your submission, review the rules of this edition in www.aeeolica.org
